This one-of-a-kind concert event has stirred audiences around the world and ignited a passion for the King in a whole new generation of music lovers. ELVIS LIVES uses the technique where a recorded past performance is integrated in real time with supporting musicians and singers live on stage. This technique has been used before, but only one song was performed and not before a live audience. Therefore, it is truly a marvel that an entire live concert was performed in this manner. The Elvis Lives concert was staged in August of 2003 at The Pyramid in Memphis, TN in commemoration of the 25th anniversary of Elvis's death. *Air date: January 8 @ 9:00 PM from KCTS9, HD and KYVE .*

The Newport Folk Festival takes place in Newport, Rhode Island and is best known for introducing a number of performers who went on to become major stars. Bob Dylan's first Newport appearance in 1963 is generally regarded as his premiere national performance. Dylan became the artist most notably associated with this festival. His 1963 and 1964 performances made him popular with the Newport crowd, but in 1965, while headlining the music festival, he decided to "plug in" resulting in a mixed response of cheers and boos. Dylan left the stage after only three songs, only to reemerge and sing two solo acoustic numbers. Many of Dylan's folk fans felt he was abandoning his folk roots - and we have it all captured live on film. For the first time ever, the complete electric set is available. Perhaps best epitomized today by characters in such blockbuster Judd Apatow comedies as "The 40 Year-Old Virgin," "Knocked Up"

and "Superbad," this episode also looks back at the bespectacled wannabe (Harold Lloyd) and the vain coward (Bob Hope) as the outsiders of their day. Along with pioneering women in comedy like Phyllis Diller and truly zany characters who seem to have arrived from another planet (Jonathan Winters, Andy Kaufman, and Robin Williams), the great social upheaval of the 60s and 70s introduced counter-culture favorites Cheech & Chong, as well as superstar nerds like Woody Allen and "jerks" like Steve Martin - who ultimately became so popular that the idea of the outsider had to be re-cast. *Air date: January 14 @ 08:00 PM from KCTS9, HD and KYVE .*

*In Suze Orman: Women & Money (Women/Self help/Economy: 120 minutes)* Suze shares her surprising insights into the complicated, often dysfunctional relationship women have with their money. In the special, Suze also equips women with the financial knowledge and emotional awareness to overcome the blocks that have kept them from making more out of the money they have. But what's at stake is far bigger than money itself - it's about expanding every woman's sense of who she is and what she deserves. "Why is it that women, who are so competent in all other areas of their lives, cannot find the same competence when it comes to matters of money?" In what she calls the most important work of her life, Orman addresses that question and offers her original solutions. This special was taped at the beautiful Napa Valley Opera House in Northern California, and its premiere broadcast was accompanied by the publishing of Orman's book: *Women & Money: Owning the Power to Control Your Destiny*, from Spiegel and Grau, a division of Random House. *Women & Money* argues that everybody wins when women become the architects of their financial futures. Suze will zero in on specific financial issues facing women in every life stage, from buying a home to negotiating a competitive salary, to financing a child's college tuition, to saving for and enjoying retirement. And of course, the entire special will feature the empathy, savvy and wit that have become Suze Orman trademarks. Suze Orman is the author of five consecutive New York Times best

sellers and is a two-time Daytime Emmy Award winner. She was recognized as Outstanding Service Show Host for each of her two most recent PBS productions, *For the Young, Fabulous & Broke* and *The Laws of Money, The Lessons of Life*. Both programs were also nominated as Outstanding Service Show. *Suze Orman: Women & Money* is Suze's sixth program for PBS. *Air date :March 23 @ 01:00 AM from KCTS9, HD and KYVE .*

*Sister Aimee: American experience: (Women/Documentary: history: 57 minutes )*  
"Sister Aimee" tells the dramatic life story Aimee Semple McPherson, the controversial, charismatic, wildly popular evangelist who was instrumental in bringing conservative Protestantism into mainstream culture and American politics. McPherson began her mission humbly, traveling across the country staging tent revivals. In 1921, at the age of 31, she settled in Los Angeles, founded the Church of the Four Square Gospel, and built the Angelus Temple, where she often preached before a packed house of 5,000 believers using elaborate musical productions worthy of Broadway. During her emotional revivals, McPherson performed controversial healings and soon started drawing bigger crowds than those of P.T. Barnum, Houdini or Teddy Roosevelt. Employing a publicist, she became a darling of the Los Angeles journalists and newsreel crews. McPherson also created her own radio station-one of the first Christian radio stations in the United States-and used it to broadcast daily sermons to her followers. Through interviews with surviving family members, her biographers, and religious scholars, this AMERICAN EXPERIENCE presents a complex and revealing portrait of one of the most significant religious figures of the early twentieth century. *Air date : March 27 @ 02:00 AM from KCTS9, HD and KYVE .*

*Betty Ford: The real Deal (Women /Documentary/Biography/57 minutes)* In Betty Ford's brief and unexpected reign as First Lady she broke the mold. She was a pro-choice Republican who became the first First Lady to take on a feminist agenda and differ publicly with her husband. The first divorced First Lady, Mrs. Ford was a career woman who danced with the Martha Graham dance troupe before marrying the handsome, plainspoken Gerald Ford. Coming to office in the wake of the Watergate scandal and President Nixon's resignation, Betty Ford and her family were a breath of fresh air in the White House. The public was treated to scenes of a real American family, funny, casual, enjoying life. She and her husband loved to throw parties and open up the White House. Her ability to be open and honest about her battles with breast cancer and drug and alcohol abuse saved millions of lives. It was an incredible and sometimes painful journey. Mrs. Ford, her four children, family friends, White House colleagues and historians discuss with amazing candor and sensitivity the life and times of Betty Ford, her time as First Lady and her impact on American

women and their families. *Air date : March 30 @ 09:00 PM from KCTS9, HD and KYVE .*
